## Competition Meets Fun

Beach ultimate puts a unique spin on the traditional grass game. This 4-on-4 or 5-on-5 variation is played on a smaller field and emphasizes fun while maintaining a competitive feel. Popular in coastal locations and on lakeside beaches, beach ultimate appeals to all players – young or old, beginner or expert, recreational or competitive – and is a great conduit for new players to experience the sport in a beautiful, natural environment where laying out for a disc is more forgiving.
